## 7. Value Added Features

### 7.1 Quicklinks

Refer section 6.2 – “Quicklinks”

### 7.2 Dynamic Startup Page

You can select any page you prefer as a New Startup Page after Login. At the bottom of participating pages, click the “**Make Default Start Page**” button.

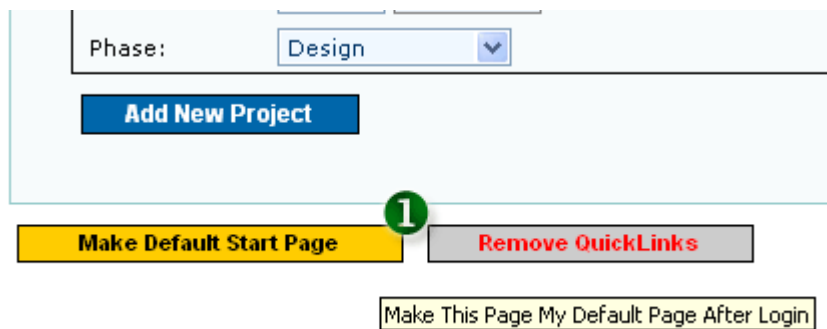

Figure 1: Dynamic Startup Page

1. CLICK BUTTON TO SET DEFAULT STARTUP PAGE

## 7.3 Help Tab

Help is just around the corner. Just click the “ Help” tab to access the Context Help relevant to the page Automatically. Since the Help Tab imports its information via External HTML file, you can also customize and localize this information according to your preference by editing the HTML file.

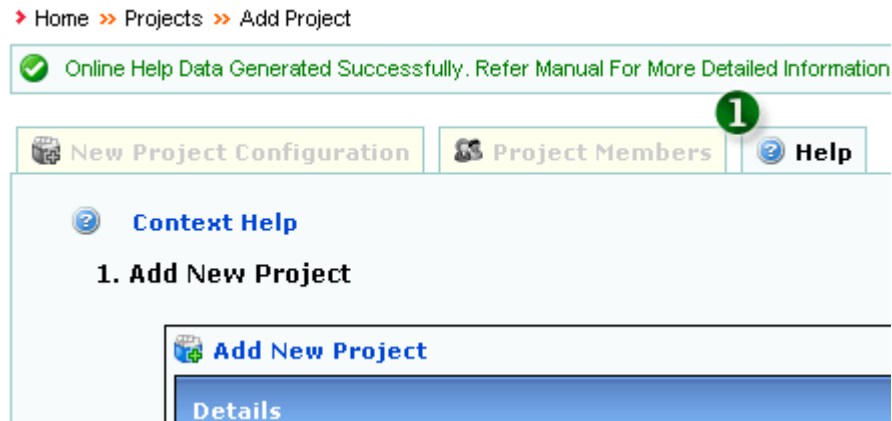

Figure 2: Help Tab

1. CLICK HELP TAB FOR QUICK HELP

## 7.4 Search Listing

Search your Listing for the most appropriate data. Search is simple. Just check the “SEARCH RECORDS” checkbox and the search fields relevant to the page will be automatically generated.

The screenshot shows a web interface for searching listings. At the top, there is a link "How about this one [X]" with icons. Below it, a status bar shows "[Total: 1]". There are two buttons: "Add New Project" (blue) and "Delete Selected" (red). A checkbox labeled "SEARCH RECORDS" is checked and marked with a green circle and the number 1. Below this is a section titled "Search Parameter Configuration" marked with a green circle and the number 2. It contains four search criteria, each with a red 'X' icon and a green circle with the number 3: "Project Name" (contains) "TestProject", "Project Code" (does not contain) "PR1000", "Project StartDate" (equal to) "2006-12-05", and "Project EndDate" (equal to) an empty field. There are buttons "Add New Search Field" and "Search". A calendar pop-up is open, marked with a green circle and the number 4, showing "December, 2006" with the date "5" selected. At the bottom, there are buttons "Make Default Start Page" and "Remove QuickLinks".

[Total: 1]

**Add New Project** **Delete Selected**

☒ **SEARCH RECORDS**

**Search Parameter Configuration**

☒ Project Name contains TestProject

☒ OR ☒ Project Code does not contain PR1000

☒ OR ☒ Project StartDate equal to 2006-12-05

☒ OR ☒ Project EndDate equal to

**Add New Search Field** **Search**

**Make Default Start Page** **Remove QuickLinks**

December, 2006

wk	Sun	Mon	Tue	Wed	Thu	Fri	Sat
48						1	2
49	3	4	5	6	7	8	9
50	10	11	12	13	14	15	16
51	17	18	19	20	21	22	23
52	24	25	26	27	28	29	30
53	31						

Select date

Figure 3: Search Records in Listings

1. CLICK SEARCH RECORDS TAB TO SEARCH RECORDS IN LISTING
2. SEARCH PARAMATERS RELEVANT TO THE PAGE ARE DISPLAYED
3. QUERY THE SEARCH APPROPRIATELY
4. SEARCH IS BASED ON DATA TYPE (EX: DATE)

Uncheck the “SEARCH RECORDS” checkbox to return back to non-search mode.

## 7.5 Sort Listing

For almost all listings, you can Sort all the Relevant Fields Ascending or Descending. Just click the Up or Down arrow at the Field Title.

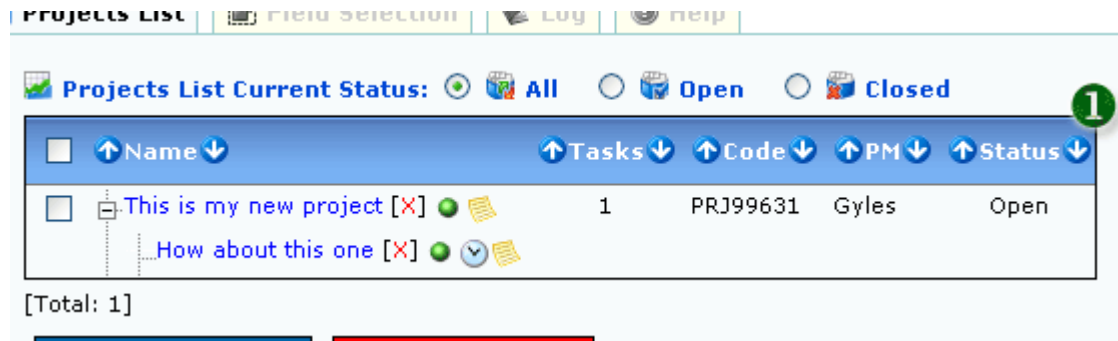

Figure 4: Sort Listing

1. CLICK UP SIGN FOR ASCENDING OR DOWN SIGN FOR DESCENDING ORDER

## 7.6 AJAX Heavy

To reduce time and enhance Usability, we have made the pages to be heavily AJAXed. Whenever AJAX is in action you can refer to the “EXECUTING...” text at the top of the page with the Network Icon

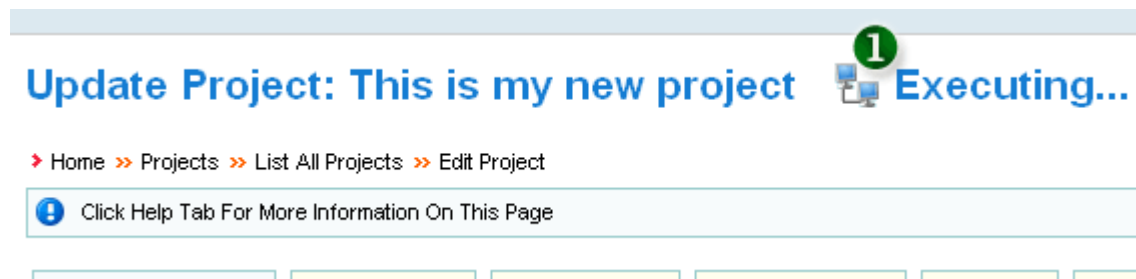

Figure 5: AJAX in Action

1. AJAX IN ACTION INDICATOR

## 7.7 Tabbed Browsing

To reduce time and enhance Usability, we have made the relevant pages in Tabs. Means, less traversing through the web pages to get your job done.

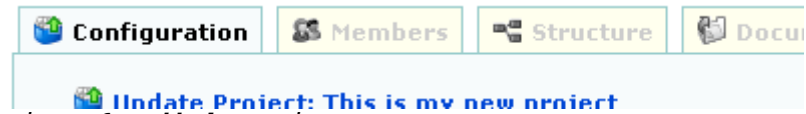

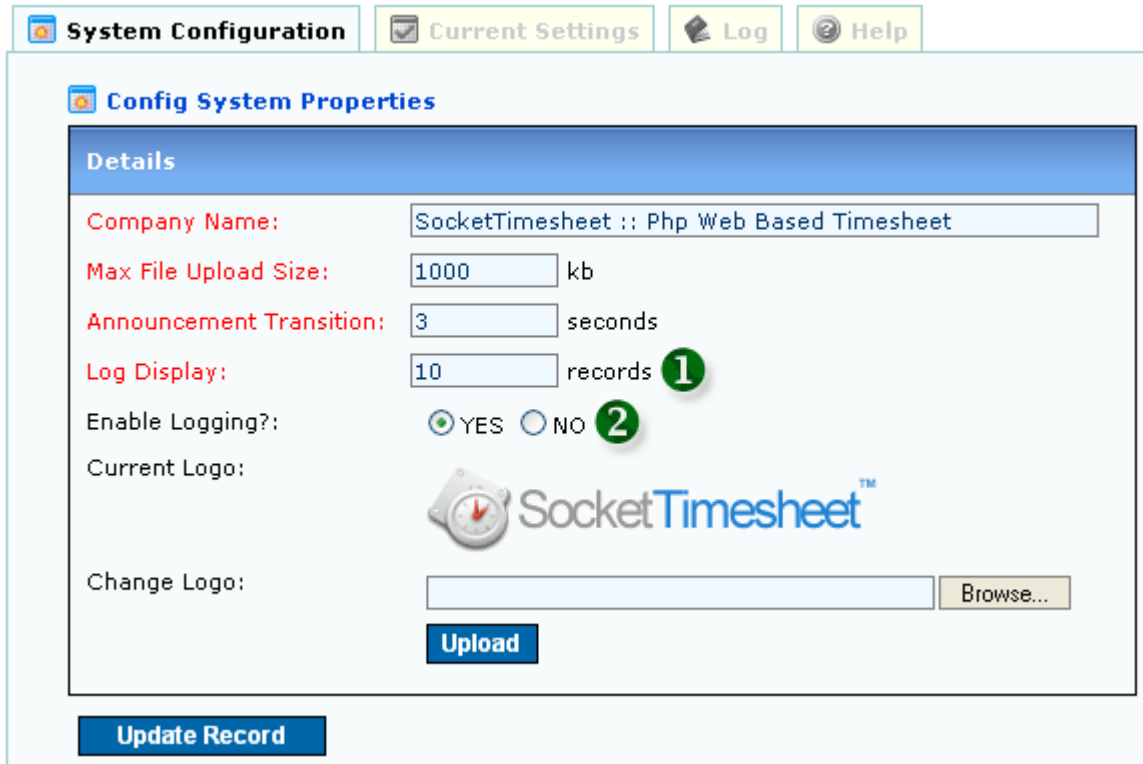

Figure 6: Tabbed Browsing

## 7.9 Comprehensive Logging

Logging is enabled for most pages and features. Logging feature can be turned on by the Administrator (Default is Off). Go to Admin System -> System Configuration to configure Logging Feature

The screenshot shows the 'System Configuration' page with a top navigation bar containing 'System Configuration', 'Current Settings', 'Log', and 'Help'. The main content area is titled 'Config System Properties' and contains a 'Details' section. The 'Details' section has the following fields:

- Company Name:** SocketTimesheet :: Php Web Based Timesheet
- Max File Upload Size:** 1000 kb
- Announcement Transition:** 3 seconds
- Log Display:** 10 records (marked with a green circle 1)
- Enable Logging?:** YES (selected) NO (marked with a green circle 2)
- Current Logo:** SocketTimesheet™
- Change Logo:** [Text input field] [Browse...]
- Upload:** [Button]

At the bottom of the 'Details' section is an 'Update Record' button.
